

Herschel Comfort suspended ceiling tile heater offers the perfect heating solution for commercial and public buildings with suspended ceiling grids, such as offices and schools. Designed and manufactured with sustainability in mind in our UK production facility, the Comfort ceiling tile is the ideal space-saving solution, designed to blend seamlessly into ceiling grids. Available in 2 sizes, the 420 Watt model fits 60 x 60 ceiling tiles, while the 850 Watt model fits 120 x 60 ceiling tiles. The Comfort ceiling tile is also available in a choice of 2 colour finishes, white or black.

Featuring Herschel's innovative Swift Comfort Plus system, the Comfort ceiling tile heaters offer unrivalled warm-up times and improved efficiency. Swift Comfort Plus includes our new high performance, long life German made heating element which heats up to higher temperatures extremely quickly from startup and delivers an optimum spread of heat across the surface of the panel.

The Herschel Comfort ceiling tile heaters are easy to install and control using Herschel's iQ thermostats or existing building management controls.

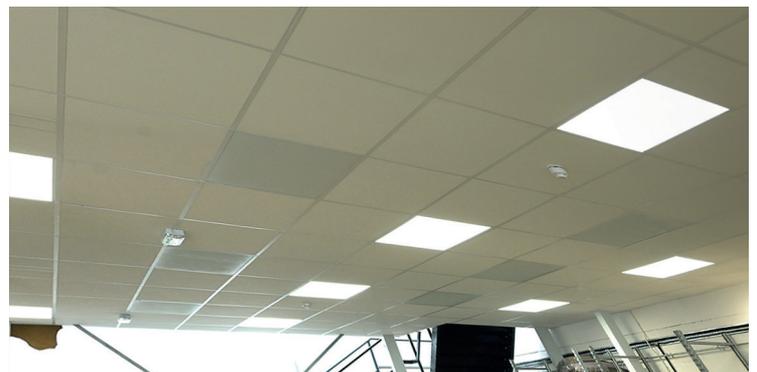

Available Models

Model Number	Dimensions	Weight	Power	Heated Area*
HC-420C	60 x 60 cm	3 kg	420 W	5 - 8 m ²
HC-420CB	60 x 60 cm	3 kg	420 W	5 - 8 m ²
HC-850C	60 x 120 cm	6 kg	850 W	12- 20 m ²
HC-850CB	60 x 120 cm	6 kg	850 W	12- 20 m ²

* The heated areas are an indicative guide only. The actual heated area will depend on the heat loss of the room which is influenced by many factors including construction type, external walls, window area and insulation levels. Always use the Herschel online calculator or contact your dealer or installer for an accurate specification.

Technical Details

Surface	Aluminium powder-coated

Surface Temperature	95 - 110°C
Voltage	220 - 240V 50/60Hz
Protection Class	IP40
Cable	1.8m
Installation	Ceiling Grid installation
Certificates	
Warranty	10 years
Ebodied Carbon	40 - 78kgCo2e for 420 and 850W panels respectively

Important

The Comfort Ceiling Tile heater comes with threaded inserts (blind rivnuts) to use with safety wires (not included) for use in the ceiling grid or ceiling-suspended. The Comfort infrared ceiling tile heater is intended for installation in a ceiling grid space only, or wire-suspended, and cannot be surface-mounted on a ceiling. For surface-mounting panels on a ceiling, please use the Comfort white panels.
