

Billi®

Have it All, in One.

MULTIFUNCTION FILTERED DRINKING WATER APPLIANCE

Billi's new OmniOne range is the latest iteration of multifunction filtered drinking water appliances.

The intersection of genuine innovation and sustainable design, Omnione integrates Billi's renowned water-cooling and energy reclaim technologies into single space-saving under bench control module.

With a 30% uplift in performance, whisper quiet in operation, ergonomic and acutely focused on the wellness & hygiene of it's users, the OmniOne range is the ultimate inclusion to the modern workplace or facility.

CHOICE OF DISPENSER DESIGNS

Sleek compatibility. Multifunction appliance compatible with all Billi tapware styles, ranging from boiling to chilled, and sparkling to still.

SPACE SAVING

40% less clearance required than comparable models. High on spec, but small on space.

NO AIR VENTS NEEDED

Cross ventilation not required, no unsightly joinery cutouts or costly accessories.

INTUITIVE CONTROLS

Intuitive controls. Easy time, temp & safety settings; with energy-saving, override and locked-off modes.

SUPERIOR PERFORMANCE

30% more capacity and more consistent delivery of cold water than any previous model.

SILENT DESIGN

Whisper quiet! 70% dB noise reduction during normal operation, eliminating noisy interruptions.

HEAT EXCHANGE TECHNOLOGY

Reduce energy waste with Billi's world-leading water-cooled and heat energy reclaim tech.

SMART SAFETY

Billi's protection protocols guard against cross contamination, and mitigates risks of Legionella.

Urban Brass MMT Tap

Omnione Pro 60 XL Lever

Our OmniOne Pro60 integrates Billi's renowned water-cooling and energy reclaim technologies into a single space-saving under-bench control module.

With a 30% uplift in performance, whisper-quiet operation, ergonomic design, and a keen focus on user wellness and hygiene, the OmniOne Pro60 range is the ultimate addition to modern workplaces and facilities.

The XL Lever - our Commercial Flagship and still a classic! Streamlined and elegant, it's operated with position-sensitive levers and an incorporated safety switch.
